

K - REACH & BPR

4th INFODAY

Date7th February 2020

09:30 – 14:00

*Lunch is included

VenueWissenschaftszentrum
Ahrstrasse 45, 53175 Bonn

Purpose

Korea has started the next step in global regulatory schemes with the introduction of K-REACH and K-BPR. The Embassy of the Republic of Korea, Bonn Office and KIST Europe (Korea Institute of Science and Technology) are happy to give you an overview of the Korean chemical legislation(K-REACH) and the biocidal product regulation(K-BPR). We are very pleased that we could welcome key speakers from the Korea Ministry of Environment, which is responsible for the relating regulation.

Organizers

Botschaft der Republik Korea
Außenstelle Bonn
주독일 대한민국대사관 본분관
